**Toward Oyasama's 140th Anniversary,
let's grow spiritually together.**

Out of Her parental love that desires to hasten world salvation, Oyasama withdrew from physical life on the lunar-calendar date of January 26, 1887, so as to urge Her children, human beings, to make further spiritual growth. Although we can no longer see Her physically, She remains everliving at the Residence of Origin and continues to guide us and work for world salvation, now as ever before.

The 140th Anniversary of Oyasama will be observed on January 26, 2026 (Tenrikyo 189). Oyasama's anniversaries are significant junctures between each decade for the entire Tenrikyo community to respond to Her parental love. Having set aside the "three years, one thousand days" period leading up to the important day, let all of us Yoboku implement the teachings of the Joyous Life and grow spiritually together with our sights set on the Divine Model of Oyasama.
